

# *2017 is the Year of the Senior!*

**Call your representatives every Wednesday in May.  
Tell them to support additional funding for senior services!**

## **To Call Your Representatives:**

In order to have a large volume of calls on a given day, we're asking people to call anytime between 9am and 5pm every Wednesday this month. The more days you can call, the better!

Call the Mayor at: 1-844-617-2691

Click [here](#) for your council member's phone number.

Use this script as a guide for your call (and please be polite):

"Hi, my name is [your name], I live in [your borough, or if speaking to a council member, your council district] and I am calling to tell [the mayor or the council member] that the City needs to make seniors a priority. I'm asking that the City invest \$60 million this year to increase and improve senior services. The services enable older New Yorkers to stay in their communities with support and dignity."

[Optional: Let the mayor know that you'll be voting in November when he is up for re-election!]
