## **WHAT ARE P-TECHS? ON-RAMP TO COLLEGE**

**New York City's Grades 9-14 Early College and Career Schools (also known as P-TECH Schools) are public schools under the NYC Department of Education that offer an innovative six-year high school program to prepare students for college and careers competitive in science, technology, engineering, and mathematics (STEM) industries.**

P-TECH schools are affiliated with a CUNY community college and offers students the opportunity to take courses toward an Associate degree, at no cost to the student.

Each Grades 9-14 school also works with lead industry partners to support students in exploring careers and attaining skills needed to work in STEM industries.

## HOW TO APPLY P-TECHS?

At NYC Grades 9–14 schools, students do not need to meet any academic criteria or submit to a special screening process. NYC Grades 9–14 schools are intended for all students, particularly those who are historically underrepresented in higher education and STEM fields.

- Be sure to attend an Information Session or Open House at one of our schools or visit our table at a High School Fair and sign in with the school.
- Rank your NYC Grades 9–14 School selection as a top choice when you submit your high school application

To learn more, please contact the NYC Grades 9-14 team at [NYCPTECH@schools.nyc.gov](mailto:NYCPTECH@schools.nyc.gov).

## CURRENT NYC P-TECHS

Presently, there are nine Grades 9-14 schools in New York City located in the Bronx, Brooklyn, Manhattan, Queens, and Staten Island. Please select from the list below to learn more about each school, including its industry and career focus, industry partners, and CUNY college partner.
